BONDWEB Malaysia Sdn Bhd recently appointed Meor Amri bin Meor Ayob as its chief operating officer as part of its ongoing strengthening of functions.

Meor has over 15 years of professional work experience as a regulator in Bank Negara Malaysia and as a rating analyst with Rating Agency Malaysia Bhd.

Prior to this position, Meor was Bondweb's head of research and pricing.

Bondweb is a private sector-led initiative developed with the support of key bond market players to complement the government's objective of building a more efficient, sophisticated and liquid bond market.

In April 2006, it became the first entity to be accorded the status of Bond Pricing Agency in Malaysia by the Securities Commission.

Its purpose is dedicated to the Malaysian fixed income market to serve the needs of fund managers, dealers, brokers, analysts and regulators alike.
